

ECSE DAILY NEWS REPORT

Welcome to the ECSE daily trading report for 15th April 2008.

Today on the Eastern Caribbean Securities Market, three thousand and twenty-nine (3,029) Bank of Nevis shares traded at \$6.00, down twenty-five cents or 4.00% since its last market close and twenty-five (25) East Caribbean Financial Holding Company shares traded at \$15.00, holding firm on its last traded price.

Although there were bids and offers for other listed securities there were no other matches, and thus there were no other changes in the market prices of the securities trading on the ECSM.

And today's financial tip:

What are cash flows from financing activities?

This is an accounting of funds related to the financing of the company, which is reported on the cash flow statement of a company's annual report. This is where the company reports the money that it took in and paid out in order to finance its activities. In other words, it calculates how much money the company spent or received from its stocks and bonds.
