### **And today's financial tip:**

#### **I wish to remove my name from the trust account I held for my niece and add her father's name, how can this be done?**

As trustee for a trust account you have the power to manage the account. To add and or remove a name from a registry account you are required to complete a copy of the ECCSR Application for Addition/Removal of Shareholder form. One form should be completed for the removal of the old trustee's name and another for the addition of the new trustee's name.
